LST RGINNOTECH
ADAPT | INNOVATE | SUCCEED

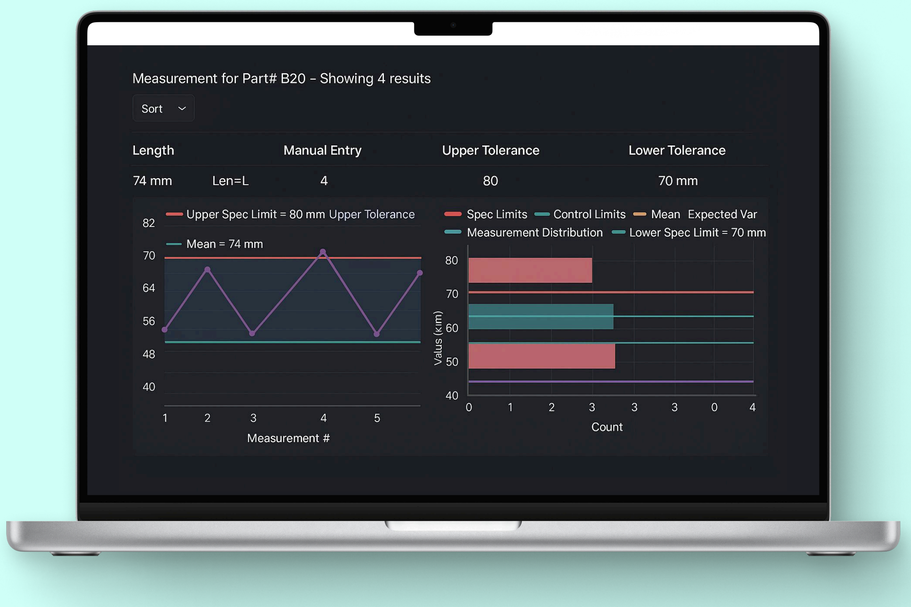

SMART QUALITY CONTROL & MONITORING

IND i4.0 Basic

- Connect to wireless measuring instruments
- Simultaneous connectivity of upto 16 instruments
- Store and record measurements linked to part numbers/orders
- Export to various file formats & reports

IND i4.0 Basic + SPC

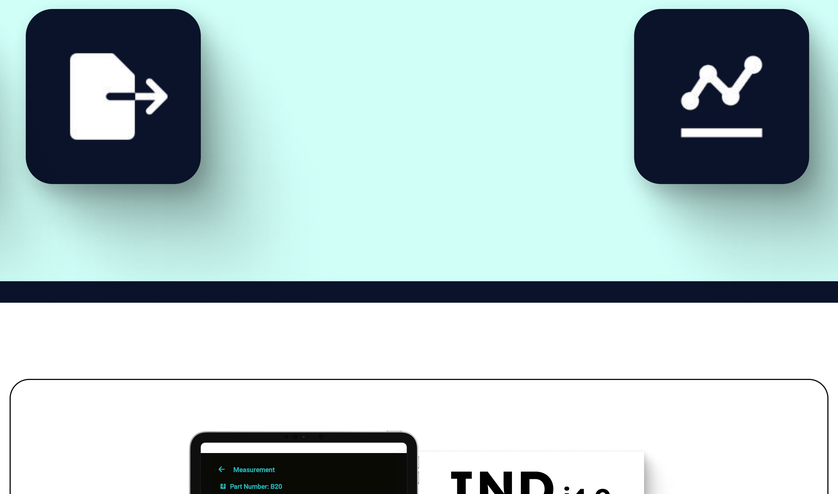

- Perform Statistical Process Control (SPC) on real-time measurements
- Calculates Cp, Cpk, Pp, and Ppk dynamically
- Automatic generation of process charts like X-bar, R, p, and np charts
- Sends instant alerts on process deviations

WIRELESS MEASURING INSTRUMENTS

TESA TECHNOLOGY · sylvac · Mitutoyo · Mahr

SOFTWARE APPLICATION

EXPORT TO VARIOUS FILE FORMATS & REPORTS
